

Konka TV Led Strip PCB Material FR4 Aluminum Power Saving

Our Product Introduction

for more products please visit us on led-stripslights.com

Basic Information

- Place of Origin: Shenzhen China
- Brand Name: Sunled
- Certification: CE ROHS LVD EMS
- Model Number: SL-KKON01
- Minimum Order Quantity: 500pcs
- Packaging Details: 45*32*26cm

Product Specification

- Product: Konka Tv Backlight
- Led QTY: 3leds
- Material: Aluminum
- Product Name: Konka Led Backlight Strip
- Highlight: Konka TV Led Strip, TV Led Strip PCB FR4

Product Description

Konka Led Backlight Strip PCB Material FR4 Aluminum Power Saving

Support Dimmer:No

Input Voltage(V):18v

Working Temperature():-40 - 60

Working Lifetime(Hour):30000

Lamp Body Material:Aluminum or FR4

Certification:CE, RoHS

Place of Origin:Guangdong, China

Application:TV Backlight LED32F1100CF

Light Source:LED

LED Quantity:3

LED Chip:SMD3030

LED Chip Power:2w

LED Chip Voltage:6v

Lens:High Quality Lens

Item type	TV LED Light Strips
Usage	TV Repair or replacement
Applicable TV models	KDL48SS618U/KDL48JT618A
PCB Material	FR4/aluminum
MOQ	500
Packaging	Packing with TRAY, Export carton
Delivery	Sample order 1-2 days, mass order 3-25 days after payment confirmed

Model No.: konka TV backlight

A. LED Type: SMD3030

B. Best quality of led in China

C. This set of led bar backlight is used in Hisense TV.

D.PCB Material: Aluminum

E. Glue between lens and pcb is Kafute (very famous in China) epoxy glue, it is expensive, most suitable to it, can't UV glue.

F. LED lens: Original lens, good quality best effective lens

G.Our factory can produce all brands of TV led backlight, ledLG, samsung, Hisense, Toshiba, VOC,KONKA, TCL,SKYWORTH etc.

The Original Quality LED Chip

The LED chip purchase from well-know brands, bring out soft Luminous efficiency, they have low attenuation and long life.

Professional Production Technology

We use the most advanced high precision SMT machine to make sure that the LED chip and lens are in the correct position.And use the professional glue to stabilize the lens and keep it from falling off

High Quality PCB

Our PCB boards are exquisite in process, so their surfaces are smooth and not rough.

Two PCB Material can be customized: aluminum PCB or glass fiber (FR4 PCB), some customers prefer to aluminum PCB as it has better heat dissipation.
