LED Panel has been design to work with conventional Grid Panel Light with fluorescent tube fixtures. To replace the short lived fluorescent lamps that are typically used in interior lighting. The LED Panel can be used to retrofit existing fluorescent tube grid light installations in all types of applications .

3.Product material introduction:

The glass shell makes the appearance of the product more unique, the light effect is soft, not dazzling, Using high-quality PMMA diffuser, good light transmittance, soft hand feeling Constant current drive to ensure constant current and strong heat dissipation

4.FAQ

Q1. Can I order samples of LED lights?

Answer: Yes, we welcome to order samples to test and check the quality. Mixed samples are acceptable.

Q2. How long does the delivery time take?

Answer: The quantity to be ordered is 3-5 days longer than the sample, while mass production takes 1-2 weeks

Q3. Is there a minimum order quantity limit for led lights?

Answer: The minimum order quantity can provide 1 sample for inspection

Q4. How do you ship the goods and how long will it take to arrive?

Answer: We usually ship by DHL, UPS, FedEx or TNT. It usually takes 3-5 days to arrive. Air and sea are also optional.

Q5. How to order led lights?

Answer: First let us know your requirements or applications. Secondly, we quote according to your request or our suggestion. Third, the customer confirms the sample and deposits the formal order. Fourth, we arrange production.

Q6. Can I print my logo on LED lighting products?

Answer: Yes. Please inform us formally before production, and then first confirm the design based on our samples. problem

Q7: Is the product quality guaranteed?

Answer: Yes, we provide 2-5 years warranty for our products.

Q8: How to deal with failures?

Answer: First of all, our products are produced in a strict quality control system, and the defective rate will be less than 0.2%. Secondly, during the warranty period, we will send a small number of new lights for new orders. For defective bulk products,

we will repair them and resend them to you. Or we can discuss solutions, including recalls based on actual conditions
