24v LED Strip Lights Color Selection 18-20LM/Lumen RGB/RGBW Modes

Our Product Introduction

Basic Information

- Place of Origin: shenzhen china
- Brand Name: sunled
- Certification: CE ROHS LVD EMS
- Model Number: SL-CW2835FS120-12V
- Minimum Order   100meters
  Quantity:
- Packaging Details: carton
- Delivery Time: 5-15 working days
- Payment Terms: TT,PAYPAL , WEST UNION
- Supply Ability: 10000m/week

Product Specification

- Dimension (mm/roll):   20*5000 Mm/roll
- Power: 144W/roll
- Installation Method: Equipped With Self-adhesive Backing, Can Also Be Installed Through Buckles, Hanging, Etc.
- LED Qty/Roll: 600pcs/roll
- Voltage: DC24V
- Product Category: LED Flexible Strip Lights
- CRI: 85
- Model And   SMD5050, 120 LED Lamp Beads Per Meter,
  Specifications: Supports 12V Or 24V DC Voltage Input
- Highlight: **RGB/RGBW LED Strip Lights**,
                           18-20LM/Lumen LED Strip Lights,
                           24v LED Strip Lights

Product Description:

This LED Light Strip 12V24V120 Light SMD5050 Soft Light Strip Multi-Color Living Room Decoration is perfect for enhancing the ambiance of any living space. Available in a variety of colors including Red, Yellow, Blue, Green, White, and Warm White, the LED lights emit a soft and warm glow that creates a cozy and inviting atmosphere.

With a lumen output of 18-20LM/, these flexible LED strip lights are perfect for use in a variety of application scenarios including living room ceilings, TV background walls, display shelves and bookshelves, furniture decoration, and festivals and parties. The versatility of these 24V LED strip lights makes them an excellent choice for any home or event.

The LED Light Strip 12V24V120 Light SMD5050 Soft Light Strip Multi-Color Living Room Decoration is easy to install and can be cut to fit any space. The flexible design allows for easy bending and shaping, making it ideal for use in any area of the home. Whether you are looking to create a cozy atmosphere in your living room or add a pop of color to your bedroom, these white LED strip lights are the perfect solution.

Upgrade your home decor with our LED Flexible Strip Lights today!

Features:

Product Name: LED Light Strip 12V24V120 Light SMD5050 Soft Light Strip Multi-Color Living Room Decoration

Material and structure: Flexible PCB board as the base material, covered with waterproof silicone or a sleeve design

LED Qty/Roll: 600pcs/roll

Lumen: 18-20LM/

Model and specifications: SMD5050, 120 LED lamp beads per meter, supports 12V or 24V DC voltage input

Features:

RGB light strip with multi-color options

Flexible and easy to install on any surface

Perfect for room decoration lights

Waterproof design for indoor and outdoor use

High brightness with 18-20LM/ lumen output

Supports 12V or 24V DC voltage input

Blue LED strip lights available

Technical Parameters:

Energy consumption	Low energy consumption
Model and specifications	SMD5050, 120 LED lamp beads per meter, supports 12V or 24V DC voltage input
LED Qty/Roll	600pcs/roll
Lumen	18-20LM/
Installation method	Equipped with self-adhesive backing, can also be installed through buckles, hanging, etc.
Color	Red/Yellow/Blue/Green/White/Warm White
Lifespan	More than 50,000 hours
Material and structure	Flexible PCB board as the base material, covered with waterproof silicone or a sleeve design
Color selection	Supports multiple color modes such as single color and RGB or RGBW
Power	144W/roll

Applications:

These white LED strip lights are perfect for creating a bright and inviting atmosphere in any room. Whether you're looking to add a warm, soft glow to your living room or a bright, energizing light to your workspace, these LED light strips are the perfect choice.

sunled LED Flexible Strip Lights are also a great choice for decorative lighting. With their multi-color options, you can create a variety of different effects to suit your style and taste. These lights are perfect for adding a touch of color to your home, whether you're looking to create a cozy, warm atmosphere or a more vibrant, playful space.

These LED light strips are easy to install, thanks to their self-adhesive backing. Simply peel and stick the strip to any surface, and you're ready to go. If you prefer a more secure installation, the strips can also be installed using buckles or other hardware.

sunled LED Flexible Strip Lights are designed to last, with a lifespan of over 50,000 hours. They're also energy-efficient, making them a great choice for anyone looking to reduce their energy consumption.

These LED light strips are available in a range of colors, including red, yellow, blue, green, white, and warm white. They're also available in different lengths, with 120 LED lamp beads per meter. The lights support 12V or 24V DC voltage input, and come with CE, ROHS, LVD, and EMS certification.

If you're interested in purchasing sunled LED Flexible Strip Lights, the minimum order quantity is 100 meters. Payment terms include TT, PayPal, and West Union, and the supply ability is 10,000 meters per week. Delivery time is 5-15 working days, and the lights are packaged in a carton for safe and secure shipping.

Whether you're looking for flexible LED strip lights for your home or business, sunled LED Flexible Strip Lights are the perfect choice.

With their versatile design, long lifespan, and energy-efficient operation, these lights are the ideal solution for anyone looking to add a touch of style and functionality to their space.
