Product Description

Product Description:

The LED strip lights are available in three options with different PMMA diffusers: PMMA Opal Matte Diffuser, PMMA Semi-clear Matte Diffuser, and PMMA Clear Diffuser 47*24mm. These diffusers provide an excellent light diffusion effect, ensuring that the light is evenly distributed throughout the room.

The price range for these LED strip lights varies from a few yuan to dozens of yuan. This affordability makes it easy for anyone to install and enjoy the benefits of LED lighting.

Our Aluminum LED Profile for Ceiling or Pendant Light is designed to be customizable. You can customize the size, shape, and color of the light to suit your personal preferences. This customization service ensures that the product fits your style and space perfectly.

The installation method for the LED strip lights is embedded installation, which is both safe and easy. The installation process is uncomplicated and can be done by anyone within a short period, making led strip light installation a breeze.
